

24-Tube Standard Solar Water Heater

SWHG450-24

Medium-Capacity Gravity-Type Solar Water Heater

The SWHG450-24 is fitted with 24 evacuated glass tubes measuring 58 mm × 1,800 mm. Its direct-heating gravity design uses natural circulation to collect solar heat and store hot water in the integrated tank with minimal operating complexity.

Applications

Suitable for large homes, villas, farms, hotels, restaurants, workshops and small commercial facilities with higher hot-water demand.
